

Client Recruitment and Referral Policy

We are committed and we promote a non-discriminatory approach to client recruitment.

We adhere to clear eligibility criteria to support clients and care staffing needs.

We follow our risk management policy to deliver care and services safely.

We apply our recruitment policy in a transparent, ethical, fair and equitable manner.

We recognise that we may not be able to satisfy all needs, these are referred to appropriate providers.

We appoint a Key Personnel to implement and monitor this policy.

We ensure clients understand we are a for-profit organisation having a list of schedule fees.
